

# INTEGRATION ANALYST

**Location:** Home or Nottingham Office

**Reporting to:** Migrations Manager

## PURPOSE

We are looking for a highly skilled, flexible, and dynamic Integrations Analyst to specialise in developing integrations between the Peppermint Platform and 3<sup>rd</sup> party applications. In addition, you'll helping customers with designing, developing and maintaining business intelligence solutions, creating innovative reporting tools and dashboards, and supporting data migration activities.

Personally, you will be a disciplined thinker and capable of working in a high-output environment. You will have outstanding organisational, communication, and presentation skills with a keen eye on the detail, but also able to see the big picture. You will need to be pro-active, adaptable, and results driven, as well as a team player who can work under pressure, use your own initiative and motivation to meet deadlines.

The role is within an award-winning company that offers an unrivalled working environment and the chance to work with new and emerging technologies.

## RESPONSIBILITIES

### Core responsibilities

As Integrations Analyst and a member of the data management team you will

- Develop, test and maintain integration and ETL interfaces between Peppermint Platform and 3<sup>rd</sup> Party applications
- Write custom scripts for data transformations to meet data model requirements
- design, develop and maintain business intelligence solutions
- craft and execute queries upon request for data and presenting information through reports and visualization
- work with our consultants and customers to enhance their product experience through the creation of bespoke innovative reports and dashboards, thereby providing our customers with actionable business intelligence

## Supplementary responsibilities

- as required, support the data management team to migrate customer data from their existing legacy system to the Peppermint Platform. This will include operating our highly developed data migration tooling to produce a working Peppermint Platform system from the customers source data

# KNOWLEDGE, SKILLS & COMPETENCIES

## Essential

- Previous experience of ADF, Logic Apps, SSIS and SSRS is essential
- T-SQL
- Experience with API protocols
- Possess data visualisation and data warehousing experience
- Proven experience of the extraction, transformation and load of data from a variety of data sources
- Excellent communication skills
- Excellent written and spoken English
- Experienced in operating in a client facing role
- Excellent planning and organisational skills
- Team player
- Strong and proved interpersonal skills
- Obsession for a great customer experience
- Can do attitude
- Strong work ethic and willingness to work extended hours as required
- Embraces new technology and continues professional development to maximise opportunities for our customers

## Desired

- Knowledge of MS Dynamics, Power BI, PowerShell, JSON and Visual C#

# THE COMPANY

Multi award winning Peppermint Technology provides a game changing business technology Platform for the legal sector that hosts an array of business applications (case & matter management, client engagement, document management and practice management), collaboration and content enablement tools. The platform is a SaaS (Software as a Service) offering. Our platform is built, and certified, on the Microsoft Dynamics 365 and Microsoft Power Platforms.

We hire people who want much more than a job. The team at Peppermint is united in changing the status quo of an industry and this takes great talent, passion and commitment. We are looking for likeminded people to join the team as we aim to become the leading legal software company.

## What's important to us

**Customer Success:** We put our customers and their success at the heart of everything we do

**Time:** We make good use of our time, make time for others, deliver on time, all of the time

**Quality:** We are experts and the best at what we do. We consistently deliver high quality outcomes

**Together:** We create opportunities together, find solutions together and win together

**Positive:** We have a positive attitude and believe in the possible

## OUR OPPORTUNITIES

Peppermint Technology Ltd is committed to fostering an inclusive and accessible environment where employees feel valued and respected, and where every employee has the opportunity to realise their potential. We are committed to providing reasonable accommodations, if required, and will work with you to meet your needs.
